Welcome to Product Training — Required training for Producers

NAIC Annuity Training and Suitability Requirements

Before you can begin selling Sentinel Security Life products, you are required to complete a general and/or carrier-specific annuity training course. Participating in these courses will help you have a solid understanding of the annuities and how the products work.

If already registered you will sign in with email address and SSN/Tax ID or Agent #. If not registered please click blue register now to register and log in.

Sign In

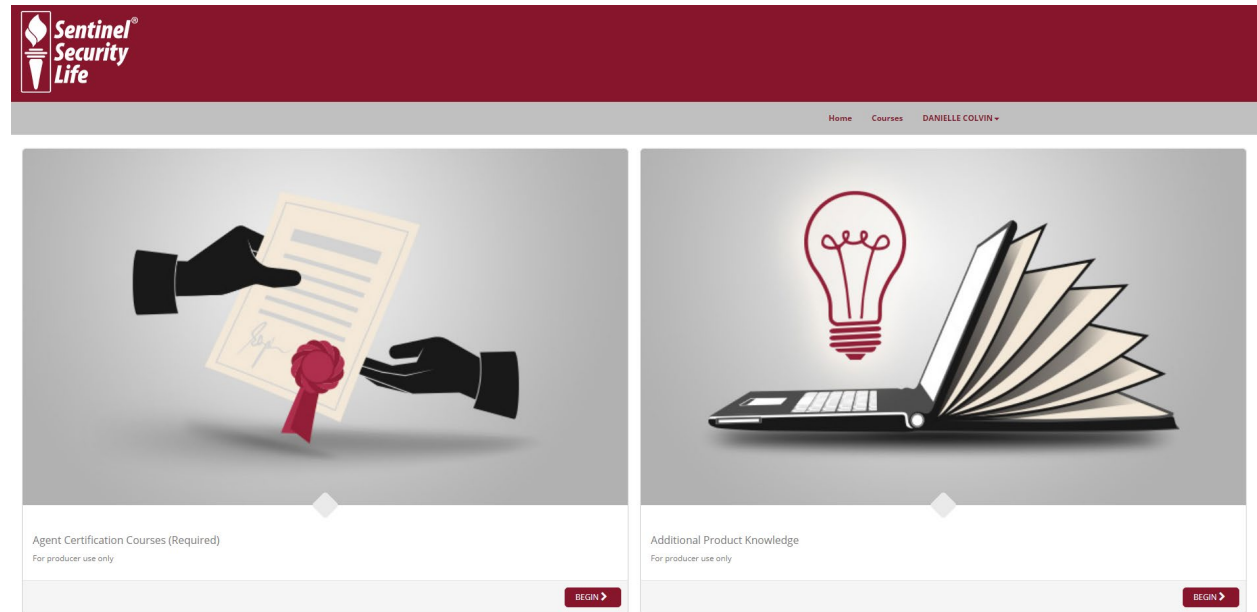

A Training Portal account is required to sign in. If you have not previously created an account for this training website, please **Register Now**, otherwise complete the form below to sign in and continue your training.
